Subject: Approval for the research proposal: **"Incidence of postnatal growth restriction in preterm infants at Dubai hospital"**

Short Title: **Preterm growth failure after birth**

Dear Dr. Atef Hamed Abdelmoati Alshafei,

Thank you for submitting the above mentioned research proposal to Dubai Scientific Research Ethics Committee, DHA. The Dubai Scientific Research Ethics Committee has been organized and operates in accordance with the ICH/GCP guidelines and the committee is registered with the Office for Human Research Protection (OHRP).

Your request was initially discussed during the committee meeting held on 20 Nov 2017. On review and discussion, the committee issued some queries that were communicated to you for further clarifications.

The study was re-visited to review the final query response on 11 DEC 2017. As the response-addressed points by points fulfil DSREC Member's queries, we are pleased to advice you that the committee has granted ethical approval for the below mentioned documents:

No	Study Documents
1	Application form for the Ethical Approval of a Research Project
2	Study Proposal
3	Participant Information sheet and Consent form_English and Arabic
4	Data Collection Form_ Amended
5	Confidentiality Agreement: Patient Information
6	Resume of Principal Investigator and Co-Investigators

Received the original

M 24/1/18

Please note that it is DSREC's policy that the principal investigator should report to the committee of the following:

1. Anything which might warrant review of ethical approval of the project in the specified format, including:
  - any serious or unexpected adverse events and
  - unforeseen events that might affect continued ethical acceptability of the project
2. Any proposed changes to the research protocol or to the conduct of research
3. Any new information that may affect adversely the safety of the subjects
4. If the project is discontinued before the expected date of completion (reason to be specified)
5. Annual report to the DSREC about the progress of the study
6. A final report of the finding on completion of the study

The approval for the study expires on **14 DEC 2018**. Should you wish to continue the study after this date, please submit an application for renewal together with the Annual Study site progress report no later than 30 days prior to the expiry date.

The following Committee members were present at the meeting and voted for its approval.
