

16th May 2014

Mrs Andrea Grant
The Orthopaedic Research Institute of Queensland
Suite 102, Level 2
Mater Medical Centre
21-29 Fulham Rd
PIMLICO QLD 4812

Dear Mrs Grant,

Re: A prospective, observational, cohort study of the MASTER-SL Femoral stem in patients with degenerative disease of the hip
MHSNQ Reference No.: MHS20140211-03

At the meeting of the Mater Health Services North Queensland Ltd Human Research Ethics Committee on the 13th May 2014, your letter dated 5th May 2014 with your attached Participant Information Sheet and revised NEAF was tabled and accepted.

The Committee commends you on your continuing study.

Yours sincerely

Karen Gerrard
Chairperson
Human Research Ethics Committee
