

Parenting From The Start

PARTICIPANT SCREENING QUESTIONNAIRE

Thank you for your interest! These questions will help us determine your eligibility for this study. **If you are expecting your first baby/pēpi, live in the Manawatū region, and can speak, read & write fluently in English then this study may be for you.** You will be given additional information about what would be involved so that you can make an informed decision. *Please circle one answer for each question.*

Personal Details

Full name:		Due date:	
Date of birth:		Gender:	
Phone number:		Email:	
Postal address:			
Street address:			

1. Are you currently pregnant/hapū?	Yes	No
2. Is this the first child/tamaiti you will be raising?	Yes	No
3. Are you a biological parent of this baby/pēpi?	Yes	No
4. Are you expecting a single baby/pēpi (rather than twins or multiples)?	Yes	No
5. Are you happy for your child/tamaiti to be involved once they are born?	Yes	No
6. Do you speak, read and write fluently in English/Te Reo Pākehā?	Yes	No
7. Do you live within 60 minutes drive of Palmerston North/Te Papaioea?	Yes	No
8. Are you willing to remain involved until your baby/pēpi is 12-15 months old?	Yes	No
9. Are you willing to take part in a one-off home observation/interview (60–90 minutes long) with your baby/pēpi, when they are approximately 4 months old?	Yes	No
10. Are you willing to take part in a 30-60 minute videotaped assessment at our P.N. research centre, with your baby/pēpi, when they are one year old?	Yes	No
11. Are there any serious or chronic health conditions that are likely to affect your baby/pēpi, your birth/whānautanga, or your health and parenting options?	Yes	No

If you answered ‘yes’ to Questions 1 to 10 and ‘no’ to the last question then you are eligible to participate in this study. If you answered ‘yes to Question 11, please continue overleaf.

Decisions about whether you are eligible to participate in this study will be made on a case-by-case basis by the research team, based on the information you provide below. This may several weeks. We will contact you to advise you of the outcome.

If your health condition is likely to affect your pregnancy, birth, and/or subsequent parenting choices you may not be able to enrol in this study. Our intention is to make decisions in the best interests of potential participants and the research. Information you provide will not be shared with people outside the research team, and will be used only for the purpose of determining your eligibility for this study.

Please explain, in whatever detail you think is necessary, how the health condition is likely to affect you or your baby/pēpi. The following questions may be useful:

12. Is the health condition life-threatening or terminal?	Yes	No
13. Are you required to take any prescription medications?	Yes	No
14. Does the health condition affect your physical mobility?	Yes	No
15. Does the health condition affect your psychological wellbeing?	Yes	No
16. Is the health condition likely to affect your daily life?	Yes	No
17. Is the health condition likely to affect where and/or how you give birth?	Yes	No
18. Is the health condition likely to affect how your baby/pēpi is fed?	Yes	No
19. Is the health condition likely to affect your parenting?	Yes	No

Please describe the health condition here:

If there is anything else you think we need to know, please write it here:

Thank you for your time! We will get back to you as soon as we can :)
