**Cc:** Human Ethics Committee  
**Subject:** 13589: Variation approved

Dear Heidi

We are happy to advise that your request for a variation of your approved protocol has been approved.

**Please note:** As a University we have a responsibility to ensure the safety of our researchers, research students and our research participants. Amendments to approval of your research proposal is subject to the conditions on its being able to be conducted in accordance with (i.e. without breaching) government policy, public health directives, University policies, and NHMRC guidance associated with COVID 19. This includes policy and directives related to travel, meetings and social distancing.

Project ID: 13589

Project Title: Investigating the effect of exercise on keratinocyte cancer cell lines

Expiry Date: 31/01/2025

All the best,

Research Ethics & Integrity
