3rd July 2024

Dear Ms Li Li Dai

I am writing to express my support for your research study "Integrate health mobile text messaging people with Type 2 Diabetes Mellitus for 12 months" to be conducted by you and your research team in September 2024. Granville Family Medical Centre is very supportive of research efforts dedicated to improving the delivery of health care to all local people with Type 2 Diabetes Mellitus.

To that end, Granville Family Medical Centre will make patient personal/social and medical information available to you and your research team for a period of 24 months beginning September 2024, during which time you will be permitted to abstract data regarding patients' diabetes related health management. The following computer software including Best Practice, Medical Director or Pracsoft will be permitted to use.

We look forward to learning the results of your research.

With kind regards,

A handwritten signature in black ink, appearing to read "Alice Huang", with a long horizontal flourish extending to the right.

Alice Huang

Practice Manager
