Letter of Support

October 9, 2023

To whom it may concern,

Oceania University of Medicine (OUM) currently requires students enrolled in the Doctor of Medicine program to complete a research project.

Third year medical student, **Lili Dai**, is in the process of conducting her research project. This letter supports her efforts to engage in a research training/project at your facility. Your invaluable assistance and guidance with Lili's research project are greatly appreciated.

If you desire more information about Oceania University of Medicine, please visit www.oum.edu.ws. For further information about the OUM's research process, please do not hesitate to contact me research.director@oum.edu.ws.

Respectfully,

A handwritten signature in black ink, appearing to read 'Ahmed Muhsin'.

Ahmed Muhsin, MD MPH

Director of Research

Oceania University of Medicine
