

Subject: HREC Proposal Approval - Frank Marino Protocol: H23552
Date: Wednesday, 31 May 2023 at 11:45:33 am Australian Eastern Standard Time
From: Human Ethics Team
To: Marino, Francesco
CC: Marino, Francesco, Chang, Michael, CSU Human Research Ethics

Dear Prof Marino,

Project title: Postural stability and sway following a long march in the heat with and without hypo-hydration.

Protocol number: H23552 (Please refer to this number in all contact or correspondence relating to this application)

Approved until: 30/05/2027

Final report due: 30/05/2027

Thank you for submitting your research proposal detailed above to the Charles Sturt University Human Research Ethics Committee.

Based on the guidelines in the National Statement on Ethical Conduct in Human Research the Committee has **approved** your research proposal.

You must report to the Committee at least annually, and as soon as possible in relation to the following:

- anything that might impact on the ethical acceptability of the project (including, but not limited to, adverse events, unexpected outcomes or additional information coming to light);
- amendments to the research design and/or any changes to the project (Committee approval required);
- extensions to the approval period (Committee approval required); and
- notification of project completion. If this research relates to a student's thesis or dissertation a final report must be submitted at the point of submission for examination.

This approval constitutes ethical approval in relation to humans only. If your research involves the use of radiation, biochemical materials, chemicals or animals, separate approval is required by the appropriate University Committee.

Please contact the HREC Secretary on (02) 6933 4213 or ethics@csu.edu.au if you have any queries. Further information regarding human research ethics at CSU can be found at the HREC webpages <https://research.csu.edu.au/ethics-and-compliance/human>

The Committee wishes you well with your research.

Sincerely,

Presiding Officer,
Charles Sturt University Human Research Ethics Committee
