Ref: 20212806-6120 : The Effect of A Rehabilitation Program on Patients with Multidirectional Instability of the shoulder: A Functional MRI Study

Approved Duration: 18/12/2020 to 18/12/2023

Chief Investigator: Charlotte Ganderton

I refer to your request to modify the approved protocol for the above project. The request was put to a SUHREC/SHESC delegate for consideration.

I am pleased to advise that, as modified to date, the project may continue in line with standard ethics clearance conditions previously communicated and reprinted below. Please note that information on self-auditing, progress/final reporting and modifications/additions to approved protocols can now be found on the Research Ethics Internet pages.

Please contact the Research Ethics Office if you have any queries about on-going ethics clearance, citing the project number. A copy of this correspondence should be retained as part of project record-keeping and forwarded to relevant members of the project team.

This modification was approved during COVID-19 restrictions. The conduct of the research during this period should reflect any changes in relation to university and government COVID-19 mandates in the relevant jurisdictions. To ensure you have accommodated these mandates please refer to the Swinburne Ethics COVID-19 website [here](#).

As before, best wishes for the project.

Yours sincerely,

Dr Astrid Nordmann
