

Tuesday 2nd October 2018

Associate Professor David Clark
Colorectal Surgeon
Northside Gastro Intestinal Group
Level 3, Arnold Janssen Building
Holy Spirit Northside Private Hospital
627 Rode Road
Chermside, QLD 4032

Dear Assoc Prof Clark,

HREC Reference number: HREC 17/23

Project title: The use of drain fluid amylase to predict anastomotic leak in restorative proctectomy and ileal pouch

Protocol number: 4 (7/06/2018)

The amendments to this project submitted on 1/08/2018 were approved by the St Vincent's Health & Aged Care (SVHAC) Human Research Ethics Committee (HREC) at a full meeting on 28/09/2018.

The documents listed below were tabled at the meeting:

Document	Version	Date
PICF Drain Fluid Amylase Version 2.0 07 June 2018.docx	2.0	7/06/2018
Protocol Drain Fluid Amylase_AMICI version 4_07 June 2018.docx	4	7/06/2018
Signed amendment to Amylase study_submit SVHAC HREC.pdf	-	1/08/2018

You must forward a copy of this letter to all Principal Investigators and to your institution.

Please note that all requirements of the original ethical approval for this project still apply.

Should you have any queries regarding this letter please contact the Research Governance Officer email: svhac.hrec@svha.org.au.

The SVHAC HREC wishes you every continued success in your research.

Yours sincerely

A handwritten signature in black ink, appearing to read 'KA', with a small arrow pointing to the right at the end of the signature.

Associate Professor Kimberly Alexander

Chair

SVHAC HREC

This HREC is constituted and operates in accordance with the National Health and Medical Research Council's (NHMRC) National Statement on Ethical Conduct in Human Research (2007) and Catholic Health Australia's Code of Ethical Standards for Catholic Health and Aged Care Services in Australia (2001). The processes used by this HREC to review research proposals have been registered with the National Health and Medical Research Council.
