

26 August 2019

Professor Elizabeth Davis  
Perth Children's Hospital  
15 Hospital Avenue  
Nedlands WA 6009

Dear Professor Davis,

**PRN:** RGS0000002402

**Project Title:** Early environmental determinants of Pancreatic Islet autoimmunity: a pregnancy to early life cohort study in children at risk of type 1 diabetes

Thank you for submitting the Amendment Form dated 12 June 2019 for the above project. The submission was reviewed on behalf of CAHS HREC by the alternative review stream, CAHS Scientific Advisory Sub-Committee on 02 July 2019. The submission has now been approved.

**Participating Sites:**

Ethical approval for this project applies at the following sites:

Site Name
Perth Children's Hospital

**The approved documents are:**

Document	Version	Version Date
CGM in ENDIA Sub Protocol PICF	1.3	19/06/2019
CGM in ENDIA Sub Protocol	1.1	12/06/2019

This review and approval has been in accordance with the HREC Terms of Reference and Standard Operating Procedures both of which are available on the HREC's website.

As the CPI you are required to ensure that the project is conducted at all sites under the conditions of approval that accompanied the initial approval of this project. The next report for this project is due 17 May 2020.

**This letter constitutes ethical approval only.**

Governance approval is required for all sites with ethical approval to conduct this project, a copy of this letter must be made available to all site PIs to obtain authorisation from their site.

Should you require further information, please contact the HREC Office on (08) 6456 0516 or CAHS.Ethics@health.wa.gov.au. To find the original letter and any possible attachments, click [here](#) when logged into RGS.

Yours sincerely

  
Dr Kavitha Vijayalakshmi

Executive Director Medical Services

On behalf of the Child and Adolescent Health Service Human Research Ethics Committee
