Dear Researcher,

**Study Title: Colorectal Anti-Bacterial Eradication (CABE) Trial: The use of pre-operative anti-microbial pharmacoprophylaxis in preventing post-operative surgical site infections**

**ERM Reference Number: HREC/68162/MonH-2020-236546(v1)**

**Monash Health Reference: RES-20-0000-777A**

The Monash Health HREC reviewed the above application at the meeting held on 05 November 2020, 04 February 2021, 01 July 2021 and 02 December 2021. In addition, the HREC is satisfied that the responses to our correspondence of 10 November 2020, 09 February 2021, 07 July 2021 and 06 December 2021 have been sufficiently addressed.

The HREC approved the above application on the basis of the information provided in the application form, protocol and supporting documentation.

This reviewing HREC is accredited by the Victorian Department of Jobs, Precincts and Regions, Victoria under the National Mutual Acceptance, single ethical review system.

**Approval**

The HREC approval is from 27 January 2022.

Approval is given in accordance with the research conforming to the *National Health and Medical Research Council Act 1992* and the *National Statement on Ethical Conduct in Human Research (2018)*. The HREC has ethically approved this research according to the Memorandum of Understanding between the Victorian Department of Health and Human Services and the participating organisations conducting the research.

Approval is given for this research project to be conducted at the following sites and campuses:

- Monash Health, VIC
- Peninsula Health, VIC
- Austin Health, VIC

You must comply with the following conditions:

The Chief Principal Investigator is required to notify the Manager, Human Research Ethics Committee, Monash Health of:

1. Any change in protocol and the reason for that change together with an indication of ethical implications (if any)
2. Suspected Unexpected Serious Adverse Reactions (SUSARs), Serious Adverse Events (SAEs) or Significant Safety Issues (SSIs) in accordance with the NHMRC safety guidelines as adopted by Monash Health that occur with a Monash Health participant or with a participant from a site that Monash Health has provided HREC review.
3. Any unforeseen events that might affect continued ethical acceptability of the project.
4. Any expiry of the insurance coverage provided in respect of sponsored trials.
5. Discontinuation of the project before the expected date of completion, giving reasons.
6. Any change in personnel involved in the research project including any study member resigning from Monash Health &/or the study team.

At the conclusion of the project or every twelve months if the project continues, the Principal Investigator is required to complete and forward an annual progress report to the Committee.

Reminders to submit annual progress report forms will be forwarded to the researcher.

The Coordinating Principal Investigator is responsible for notifying Principal Investigators. The Coordinating Principal Investigator and Principal Investigators should forward a copy of this letter to their site's Research Governance Officer.
