PROJECT TITLE: Australian Postural Orthostatic Tachycardia Syndrome Patient Registry (OZ-POTS)

The ethics application for the above project has been reviewed by the Human Research Ethics Committee and is deemed to meet the requirements of the *National Statement on Ethical Conduct in Human Research 2007 (Updated 2018)* involving no more than low risk for research participants.

You are authorised to commence your research on: 16/04/2021
The ethics expiry date for this project is: 30/04/2024

NAMED INVESTIGATORS:

Chief Investigator:	Associate Professor Dennis Lau
Student - Postgraduate Doctorate by Research (PhD):	Mrs Marie-Claire Seeley
Associate Investigator:	Ms Celine Gallagher
Associate Investigator:	Dr Adrian Elliott
Associate Investigator:	Mr Jonathan Chieng
Associate Investigator:	Ms Danielle Bailey

CONDITIONS OF APPROVAL: Thank you for addressing the feedback. The revised ethics application provided on the 15th of April 2021 has been approved on the condition that participant material will be edited for small formatting issues.

Ethics approval is granted for three years and is subject to satisfactory annual reporting. The form titled Annual Report on Project Status is to be used when reporting annual progress and project completion and can be downloaded at <http://www.adelaide.edu.au/research-services/oreci/human/reporting/>. Prior to expiry, ethics approval may be extended for a further period.

Participants in the study are to be given a copy of the information sheet and the signed consent form to retain. It is also a condition of approval that you immediately report anything which might warrant review of ethical approval including:

- serious or unexpected adverse effects on participants,
- previously unforeseen events which might affect continued ethical acceptability of the project,
- proposed changes to the protocol or project investigators; and
- the project is discontinued before the expected date of completion.

Yours sincerely,

Professor Paul Delfabbro
Convenor
