No. 136/DME/KMC

Dated: 14 /03 /2022

CERTIFICATE OF APPROVAL

This to certify that

Dr Nisar Ahmed, Assistant Professor of Surgery (Principal Investigator)

Has been, on the 14th of March, 2022, given approval by the IREB of the Khyber Medical College/Khyber Teaching Hospital for the following proposal:

"Botox versus Glyceryl Trinitrate in the Treatment of Chronic Anal Fissure (BOCHRAN): A Randomized Controlled Trial"

During the whole work, all personal information of patients/subjects should be kept confidential. If you make any substantial change in the research proposal, you will need to inform the IREB for formal approval.

The Principal Investigator and his team are hereby authorized to enroll the patients for the study with effect from today i.e. 14 March 2022.
